Public Session A member of the public said that signage at 79 Gladstone Street (a residential food outlet) had been removed but had re-appeared a few days later and asked if the parish knew what is happening. The Deputy Clerk said that no response had been received from the Borough Council from a previous query regarding the property, but the signage issue would be looked into.

A member of the public raised the topic of the rise of applications for Houses of Multiple Occupation (HMOs) being made. The Chair said that the comment had been noted.

Two members of the public said that they currently live next door to a house that is already a 6 bedroom HMO and which had applied to become an 8 bedroom HMO. The couple said that they had many issues with the application, but their main issue was lack of light and lack of privacy to their garden. They also confirmed that they had provided their objections to the borough council. The Chair said that it is the general parish policy to object to any HMO's within the Central and Eastcott wards area as the area is already crowded with HMO's. and the parish would add the stated issues to the parish response sent to the borough council. Cllr C Watts explained that the parish are only a consultative body.
