Subject: Fwd: Badbury Park footpath

Hi Andrea / Joyce,

Would it be possible to put forward a motion for the Parish to fund the erection of signage down day house lane alerting drivers to the newly formed crossings between Badbury Park and Coate? I have had a resident contact me regarding the speed of vehicles down that road. Not sure what process needs to be followed but happy to assist where possible.

Many thanks

Anthony

Subject: Badbury Park footpath

Dear Councillor,

We have recently moved to Badbury Park and visit Coate Water frequently. Currently there is a footpath leading to a side entrance of Coate Water that is very convenient for local residents, however crossing Dayhouse Lane can be hazardous. The cars there are often very fast and cannot see people crossing the street from far away as the street is curved near to this entrance, which is also close to the end of the street where it meets Marlborough road. Would it be possible to erect a sign close to the crossing point located at this particular park entrance to warn drivers and advise to slow down as they may not know of people crossing? As a mother of a toddler, I am worried about crossing this street as it seems unsafe as it is now. I am sure many families around here use this crossing also and would appreciate signs being erected too. Thank you very much for looking into this issue.
