**Subject:** FW: Spring Gardens - Update

Dear Councilors

The shared cycle way/footpath works are now complete bar the fitting and commissioning of the light fittings on the lighting columns. The cycle way/ footpath which has been constructed to highway standards is open and available for use by the public.

The next phase is the importation of topsoil for which a donor site has been identified and the soil tested. The importation is programmed to commence in February with the spreading and re seeding to follow later in the spring.

Both the importation and spreading/ seeding works are very much weather dependent.

Please do contact me if you have any queries or require further information.

Kind regards  
David
