Thanks Adam

I'll open the invitation to my colleagues on South Swindon Parish Council at our next full meeting and get back to you with a time that enables as many as possible to join on the visit.

Joyce – could you please add this to our agenda?

Regards

Neil Hopkins

Good Afternoon,

Many thanks for getting back in touch.

I would very much like to extend an invite to you and your colleagues to visit EW and gain an insight to the wide range of services we operate from here and to see first hand the value that this service has on those vulnerable adults who we support. In my opinion, Enterprise Works is a little known gem of SBC and I am very keen to raise awareness of it as much as I can.

If you are able to provide me with some dates that are convenient to you, I will make sure that I am available to meet with you and show you around.

Kind Regards

Adam

Hi Adam

Thanks for making contact on this and we shall bear in mind the service your team can provide with regard to these and any future permanent signs for the parish.
