Subject: Old Town Christmas Lights

Dear Chris and Joyce,

The Old Town Christmas lights were switched on yesterday at what was a great turnout to an event for all of the family. The lights look fantastic and Leigh's team managed the the installation with grace, ease and responsiveness to problems arising from previous installations .

Please pass on our thanks to the South Swindon Parish Council for your most welcome support of the installation, storage and dismantling costs. It has been a pleasure to work with you and a great example of parish and community partnership.

Thanks, Kareen Secretary and on behalf of the Old TOWN Business Association.
