**Subject:** The Avenue, Lawns

Dear Russell

Thanks for coming out today to look at what could be achieved at The Avenue in Old Town.

The Parish Council would like to carry out the following work:

- Reinstate the avenue of trees into something more substantial
- Level and re-seed the grass
- Repair the stone walls
- Take up and re-lay the stone slabs at the entrance
- Clean and restore the stone entrance
- New seating, perhaps 4 seats on each side
- New planters at the entrance
- New guards for trees

I understand that the price will depend on the size of tree that we decide to purchase and also the type of seating etc.

If you could give the Parish Council an idea of the cost looking at mid-range seating and planters.

It is only just to give an idea of the financial commitment. We could also see if any grants might be available to help with the costs.

This will then be considered by the Parish Council and if they want to go ahead, then we can discuss you drawing up plans and a working party to see the process through.

Regards

Joyce
