Dear Councillors

As part of the works relating to the project for the County Ground Rec to deliver a new pavilion and 3g football pitch it is proposed to keeping a 2 way flow traffic and to achieve this the existing parking provision at the side of number 65. To achieve this there is a requirement to extend the existing parking restrictions (double yellow lines) .

To mitigate this loss it is proposed to construct a parking area , please see the attached plan.

An informal consultation exercise has been undertaken with residents and I am in the process of reviewing the comments we have received. I would be very grateful if you could review the attached and let me have any comments you may by the close of Business on Friday 7 September 2018.

Kind Regards
