Subject: Residents Parking Review for L & N

Importance: High

Dear Councillors,

I am writing to advise you that the Traffic Management Team are in the process of undertaking a review of Residents Parking Zones L & N. Over recent years we have reviewed each of the existing Residents Parking Zones in Swindon – and these will be the last two to be completed.

The review will consist of the following;

1. Review and update all of the residents parking signs within each zone to bring them in line with current legislation and other zones. This will involve the removal of the out-dated 5 min waiting period from the signs within the Zones.
2. Review all remaining restrictions (double Yellow lines, single yellow lines, loading areas)
3. Review all of the current Limited Waiting spaces, with consideration given to these becoming shared use parking (Visitors & Residents)

Over the next few weeks I will be sending out a notification to residents within both zones to advise them of the review and to open a dialog with them regarding their zones. Any comments we receive will be considered and forwarded on to you for review and comment. In the meantime if you have any questions or any additional information that will assist me with the review please return them to me no later than the close of business 9 July 2018.

There is only a limited budget (£10K) for this review and therefore limited scope to carry out any significant changes to the Zones. Priority will therefore need to be given to those items listed above over any additional requests.

Kind Regards

Julie Furneal MIHE
Traffic & TRO Technician
