Hello Joyce

They are whips about 60-79 cm high.

The club will continue to manage them with the help of TWIGS

I will send you a photo of the planting party plus trees.

Dear [REDACTED]

Thank you for informing the Parish Council.

Is it possible to let me know a little bit more about this project. Would you also be able to send some photos of the trees. Who will be looking after the trees after they are planted.

The Parish Council is in the process of taking a lease for the majority of play areas in Swindon and this will be one of those play area.

The Parish Council already pays for the maintenance of this area, which is the reason for asking who is going to maintain the trees in the future.

Regards

Joyce

Subject: The Rotary Club of Swindon: Tree Planting at East Wichel 20 November 2018

Good morning

The Club has been in contact with Martin Hambidge the Trees Officer at SBC about planting trees at East Wichel.

We have agreed a site (Plan attached) and a date: am 20 November 2018.

The trees are donated by the Rotary Club and are sourced from the Woodland Trust being a mixture of native hardwood in keeping with the location.

Martin has asked me to let you know that we will be doing this work from about 9.15 until lunchtime or whenever we finish planting.

Best wishes

Chris Firth
D1100 District Secretary
District Governor Nominee 2018-19
