Subject: Re: Bottle Bank in Old Town

I think this was one of the recycling sites which was the victim of the cuts when the Parish was set up. Can we have it on the agenda for the Parish Leisure and Amenities committee next week to follow up?

Hi Again ,

I notice on Sunday . that the bottles where around the tubes , as well as in to the top ,

And thought They like their drink in Old Town but have this place to get rid of the bottles

I was please today to see all clear ,

but being nosy , I looked down the tube ,

All three are bunged up,

and not a recent action it would appear ,

In the year I have often seen stacks of empty bottles around the tubes , and assumed containers full ,

Could some one check how often the tops are removed and the contents taken away please?.

or if As I suspect , thats another cost saving , and its just cleared from the top each time

Hope I'm Wrong , but at the moment , nothing can get past the first 6 inches or so

Regards

Colin

PS as Sunday bottles etc have been clear , Someone on Street smart , (or whoever clears here) will have reported to the manager that they are blocked , at some time in the past .

and listed 'in need of action , and a priority number no doubt
